20030626 kelly cont real debate as to whether the mobile labs are what they appear to be -  
is an old piece of kit, feeling is it could be made into a fermenter, but is it a fermenter

enormous quality of documents to be exploited

saadi and taha were taken out of the problem...because they interfaced with the un

we've got 10-20 in custody

why didn't they use them? in the early stages, you just have to look at the weather conditions, by the end  
the c2 was in total disarray

his arsenal was small - he couldn't have killed very many people, even if everything had gone right  
for him
