Before doing anything on this I would like a word. In any case I need to know where we and the BBC now stand on the MOD source. I have been taken up with the ISC and am out of touch.

A source in the BBC has told us that Gilligan's source is in fact in the Cabinet Office. This might well be a blind. But is there any reason to think there could be any truth in that? Have phone logs been looked at etc?

The Cabinet Office's computer systems may be monitored and communications carried on them recorded, to secure the effective operation of the system and for other lawful purposes.
