Subject: Iraq - its infrastructure of concealment, deception and intimidation

Report released on Monday to the UK Parliament.

**iraq - its infrastructure of concealment,
deception and intimidation**

This report draws upon a number of sources, including intelligence material, and shows organisations whose job it is to keep Saddam and his regime in power, and to prevent the international community from disarming Iraq how the Iraqi regime is constructed to have, and to keep, WMD, and is now engaged in a campaign of obstruction of the United Nations Weapons Inspectors

Part One focusses on how Iraq's security organisations operate to conceal Weapons of Mass Destruction from UN Inspectors. It reveals that the inspectors are outnumbered by Iraqi intelligence by a ratio of 200 to 1

Part Two gives up to date details of Iraq's network of intelligence and security

Part Three goes on to show the effects of the security apparatus on the ordinary people of Iraq.

While the reach of this network outside Iraq may be less apparent since the Gulf War of 1990-1991,

inside Iraq, its grip is formidable over all levels of society. Saddam and his inner circle control the State infrastructure of fear.
