Sounds good to do it on the 14th. We are used to film crews at home so no problems. Any time will be convenient. No further requirement for filming consent as I understand from [REDACTED]. Ring me on [REDACTED] on the 12th June.

My home address is [REDACTED]

Looking forward to meeting you

Regards,

David

David

Both are fine with me. Whatever works best for you. It maybe more relaxed at your home on the 14th. We will have a van so we can easily drive up. The lighting takes about an hour (when you don't need to be there) and the interview about an hour or so. We will be in London on the 12th and 13th so if that suits better we can easily come to you. Where would you be and would we have to get filming permission etc etc. Who would I contact?

Let me know what you'd prefer

I will be at the

Shane or I will ring you on one of your numbers on the 12th for final arrangements

Best wishes,
