Good to hear that you have returned safely. I am available today (Monday 24th) but will be in London for the three days after that and unavailable. Friday 28th would seem possible but time will tell.

Regards,

David Kelly

hi dr kelly
we arrived home safely, thanks. as i mentioned, we would like to arrange a time this week to interview you by phone, this week if possible. it would be a conference call with you, the producer susan lambert and myself.
given the time difference, mornings your time would be preferable. we anticipate it could take up to an hour.
with your permission, we would like to tape this interview. this is for research purposes only and it will not be broadcast or disseminated in any way.
i look forward to hearing from you.
regards
