€_SYSy à

! transformed wk before pub to make it sexier €
the classic was the 45 mins. mst thngs in dossier wre dbl sc € but that was single-source one source
said it took 4 minutes € to set up a missile assembly, that was misinterpreted

most p €eople in intel werent happy with it, beause it didnt reflect th €e considere view, they were
putting forward

campbell

real inf €o but unx, incl agaisnt ur wishes
not in orig draft - dull, he € asked if anything else cd go in

u from africa - not nuke xper €t but was v suspect, documents certainly forged,

10-15 yrs go € there was a lot of info, with the concealment and deception op € there was far less
infomration

it was small because you dnt c € conceal a lg prog, and because it was actually quite hard to imp €ort
things. the sanctions were effective, they did limit progr €amme

no usable wpns

in one of the jan - chemical reactors not € destroyed by unscm, gla lined chamber to promote chme
reaction €s - were being used again by the iraqis, recovered, taken

at €al muthanna, not properly destroyed by un, recovred y iraqis, t €aken to fallujah, and used for no-
banned purposes

the 18 ch €em missiles wre reported by blix, but downplayed . blix thought € they wre leftovers

i thin it 30pc likely that iraq had activ €e cw prog in the 6 m to a year
likeher that ther was bw

no €t much coming out of detainees, despite financial inventives . €they are in qt gd conds
in me

there has been prolif - not in € terms of people walking across the iraqi border with 20 shells €, but
supply chain knowledge, -plans

isg headed by a major gene €ral, below him 2 one starts, british an australian

we dont ha €ve a gt deal of knowldege than we had before

1500 - 100 brits €, 10-20 aussies- not all experts, about 20 of the brits are

i

€t is a big handicap not to be able to draw on the certise of r €ussian and german et expts
