20030522 kelly cont real debate as to whether the mobile labs are what they appear to be -
i is an odd piece of kit, feeling as if it could be made into a fermenter, but it is a fermenter

enormous quality of documents to be exploited -

saadi and taha were taken out of the problem...because they interfaced with the un

we've got 10-20 in custody..

why didn't they use them? in the early stages, you just have to look at the weather conditions, by the end
the c2 was in total disarray.

his program was small - he couldn't have killed very many people, even if everything had gone right for
him - not really mind in the true meaning of word

british 1-star is john devereil, kelly will be senior british inspector
