

RS - Are you looking for an correction?

GH - Yes

RS - V. unusual for Today prog to do that -  
Want say yes or no now but will consider.

GH - Want to talk more generally about Today  
prog. This morning's GH is a good example.  
Asked to come on + talk about 2 or 3 Subjects.  
Actually only got to talk about one  
I want to find out. Don't listen and observe  
prog doesn't seem to be about giving information  
it's trying to prove a point.

Asked twice to come on in last week + said  
only would if could talk about BBC issue  
+ that could not come on.

RS - Not surprised in last week that can come.  
Prog decides agenda + wanted to move away  
from gut-BBC dispute onto wider issues,  
clearly sensitive for programme.

Glad he appeared today. Didn't hear it  
Not surprised it was difficult in light of  
events of last week or so.

~~And~~ Talk his view sensibly. We don't believe  
prog. has an agenda

KM different from previous GH's
