IRAQ WMD: PAPERS FOR PUBLIC PRESENTATION

1. I refer to my note of 11 September.
2. As indicated at the JIC meeting on 11 September, I attach a redrafted version of the Iraq WMD "dossier". This includes (in Part 2, Chapter 2) the references to JIC assessments which were discussed at our meeting. The text is still subject to further revision depending on your comments [REDACTED]
3. As you may know, Julian Miller is chairing a further inter-departmental meeting to discuss the text at 0900 on 17 September. I would be grateful if your representatives could come armed with suggested additions/deletions/amendments to be decided at that meeting. In any event it would be helpful to have your final comments on the proposed text by 1300 hours on 17 September.
4. In public presentation terms, this draft remains a highly sensitive document. I would, therefore, be grateful if you each retain very tight control over its distribution. If you have to make additional copies, I would ask that these be numbered and returned to you for destruction within your own departments.
