Dear Sirs

### **Susan Watts - Hutton Inquiry - Evidence**

We are instructed to respond to Mr Martin Smith's letter dated 1 August 2003, which requests certain transcripts of her contemporaneous notes, items B to D as annexed to her submitted witness statement.

We also refer to our conversation with Mr Dingemans QC, who intimated that Ms Watts may be requested to produce some additional documentation.

We are a little confused by the reference to attachment D, which presently constitutes a copy e-mail from Susan Watts to Dr Kelly. For the sake of completeness, our client now discloses copies of all e-mail exchanges with Dr Kelly that she has retained. Our client cannot of course guarantee that there were not earlier communications, but she is reasonably confident that the documents now produced are the total of e-mails exchanged in the period 2003.

We are instructed to make further disclosure as follows

1. Copy bundle e-mails between David Kelly and Susan Watts, being copy e-mails as manifested in Susan Watts' "inbox" - dated variously but being read from newest to oldest.
2. Copy bundle e-mails between Susan Watts and David Kelly as manifested in Susan Watts "sent items" - dated variously but copied most recent 25 June 2003 to oldest 8 October 2002.
3. Guide to manifestation of tape transcripts (prepared 5 August 2003) and describing the preparation of various manifestations of the transcription of the tape recording made 30 June 2003.
4. Attachment B - Susan Watts notebook 45 - transcription of shorthand notes.
5. Attachment C - Susan Watts notebook 46 - transcription of shorthand notes.
6. Extract Susan Watts notebook 11, referring to Dr Kelly (refer paragraph 7 of Witness Statement) together with transcription of shorthand notes. Please be advised that there are other undated references to Dr David Kelly as described in
