

**Attachment B - Susan Watts Notebook 45 - telephone conversation on 7<sup>th</sup> May 2003.**

Shorthand notes transcribed exactly - that is, not for sense, but symbol-by-symbol.  
For sense, please see witness statement.

My notes to myself are in bold. Dr Kelly's words are in italics.

...Post

*. matches up with what Powell said*

*info comes from an individual (system exploited in country)*

*...surprised not out there - not secure enough*

*.. Mrs Anthrax. Not known to be associated with the programme - was all supposition, (because commander, contemporary of Taha, and microbiologist). by everybody high profile*

**Taha** (underlined in book)

*. pack of 55 are mainly people who are political - Saadi, Amir, Huda Ammash, Dr Rihab Taha*

*. what I'm interested in are the people we don't know about. People like Taha will not have been associated after 1991 because may have let the cat out of the bag*

*.. Some of them will be able to give some top-level insight and middle-ranking people from a technical perspective.*

*.. People have to understand whether going to be given immunity (carrot/stick)... War Trial situation... odd not heard anything about that.*

*.. May be forced into that position (this no longer makes any sense to me).*

*... Realisation that this process is going to take time, unless strike lucky. If have to go systematically through the information that might be available that could take a very long time On other hand maybe quick.*

**Telegraph** (underlined in book)

*... someone aware of Iraqi filing systems*

**45 minutes**

*.. mistake to put in. .A Campbell seeing something in there...*

**NB** *single source .but not corroborated. .sounded good*

**Guess**

*...1991. Iraqis playing around with multi-barrelled launchers ..in (can't read next squiggle)  
these takes 45 mins to fill*

*..Miller has Chalabi link*

**Cook** (underlined in book)

why so adamant?
