Geeta,

Many thanks for your thoughts and prayers. It has been a remarkably tough time. Should all blow over by early next week then I will travel to Baghdad a week friday.

I have had to keep a low profile which meant leaving home for a week!

Back
now.

With best wishes and thanks for your support.

David

Dear David,

Roger and I saw with concern newspaper reports of your being the BBC informant. Whatever comes of it in the end, we hope the tussle between the

BBC and the govt. will not tarnish your impeccable reputation for integrity.

We thought it must have been quite a difficult for you in the past few weeks

and you were very much in our minds and prayers.

With best wishes to Jan and you,

Geeta

Dear Alistair,

Many thanks for your support. Hopefully it will soon pass and I can get to Baghdad and get on with the real job.

Best wishes,

David

Dear David,

Having tried to reach you by phone, but unsuccessfully because the MOD will not enable it, I am using the only email address I have.

All I wanted to say was that I hope that you are not having too hard a time of it. The pressure you are under must be immense and I trust that you are able to find ways to get a break to help you stay above it all.

Take care!

Best wishes,

Alastair
