Dear Manoocher,

Many thanks for the invitation to celebrate Ayyam-i-ha at the Namvari residence. I am in New York this week at the UN so I will have to miss the occasion

Please remember me to all my friends who will be there and give them my best wishes.

Life is hectic and interesting for all the wrong reasons at the moment. I did manage to be home for my daughter's wedding last Saturday and we were blessed with a wonderful day.

With best wishes to you and Diana,

David
