Dear Alistair,

Many thanks for your support. Hopefully it will soon pass and I can get to ghdad and get on with the real job.

Best wishes,
David

Dear David,

Having tried to reach you by phone, but unsuccessfully because the MOD will not enable it, I am using the only email address I have.

All I wanted to say was that I hope that you are not having too hard a time of it. The pressure you are under must be immense and I trust that you are able to find ways to get a break to help you stay above it all.

Take care!

Best wishes,

Alastair
